

The Billing Profile

Last Modified on 04/09/2024 2:54 pm EDT

The base of Jackrabbit Care billing is the **Billing Profile** which sets the parameters for when a bill is automatically sent and when it's due.

Each Billing Profile in a Family Account carries its own balance. Fees, credits, and payments are all applied to a specific Billing Profile; the sum of all Billing Profile balances is the total balance for the family.

Default Billing Profiles (Weekly and Monthly) were set up for when your Care account was created.

When a Family Account is added, the first Contact is automatically designated as a **Payer**.
