

Discounts

Last Modified on 12/10/2024 1:37 pm EST

There are various reasons why you might want to offer discounts to families. A discount can be a percentage of the fee or a specific dollar amount and reduce the overall fee when it is invoiced. Discounts can be applied only once or reoccur for a set timeframe. Below are some common reasons for applying a discount to a family:

- A family has multiple children enrolled at your childcare center.
- Promotional discounts to attract new families.
- Military, essential worker, or staff discounts.
