

# Work with Family Accounts - Children

Last Modified on 12/09/2024 4:27 pm EST

While working with Family Accounts, the page is organized into two sections: Children and [Contacts](#). Access a Family Account by going to **Family Accounts** (left menu) > **Profiles** card > **View # Active Family Accounts**, or use the **Search...** at the top of any page.

The **Children** section shows profile cards for each child. Use the Children section to:

-  See a contact's relationship to a child.
-  See a child's age and birthday.
-  Easily go to a child's Details tab or delete a child from the Family Account.

---

[Expand/Collapse All](#)

- [Children Section](#)
- [Details Tab](#)
- [Enrollments Tab](#)
- [Contacts Tab](#)
- [Files Tab](#)
- [Policies Tab](#)
- [Custom Questions Tab](#)

To add a new Child profile to a Family Account, use the **Actions** menu  > **Add Child** on the Family Account page.
