

Move a Child to a Different Class

Last Modified on 10/25/2024 2:48 pm EDT

Depending on a child's age and birthday, they may start in a one-year-old class and age out in the middle of the year. Jackrabbit Care gives you the option to move a child between classes with a few clicks. Move reasons are automatically listed in your Jackrabbit Care system and include:

- Age up
 - Class size
 - Emotional & behavioral needs
 - Program change
 - Schedule change
 - Other
-

Ensure you have the correct site selected at the top of the page, then follow these steps to move a child from one class to another:
