

CircleTime Mobile App at a Glance

Last Modified on 12/10/2024 1:38 pm EST

The CircleTime™ Mobile App is an easy-to-use app for parents and contacts and is included with your Jackrabbit Care subscription. Once families enroll children and download the app, they can:

- ✦ Make payments and generate account statements.
- ✦ Register children for programs and include documents, policy agreements, and signatures.
- ✦ Receive and send messages to the childcare center.
- ✦ See their child's details, including contacts and allergy information.

After a parent/contact downloads the CircleTime mobile app from [Google Play](#) or the [iOS App Store](#), they will see this icon on their phone. Just tap the icon to open the app.
