

Add and Manage Payment Methods

Last Modified on 01/09/2025 2:04 pm EST

If your organization accepts online ePayments through **Jackrabbit Pay**, a contact can add and manage payment methods directly through their CircleTime™ mobile app. Owners, Administrators, and Site Administrators can also help manage these payment methods in Jackrabbit Care. When contacts use CircleTime to manage payment methods, they can:

-  Add or remove payment methods at their convenience.
-  See all payment methods added to their account and when they expire.
-  Designate which payment method should be used as the primary one.

Expand/Collapse All

- Send Payment Method Invite
 - Add a Payment Method in CircleTime
 - Change the Primary Payment Method
 - Delete Payment Methods
 - View Terms and Conditions
 - Edit Nicknames for Payment Methods
-
