Create an Online Registration Form

Whether you have a childcare center with a single program or a larger multiple-program center with different locations, Jackrabbit Care makes the process of registering families quick and easy.

With an **Online Registration** form, you can:

- Collect basic information and documents ahead of approving the registration for enrollment.
- Add files, policies, or other information for caregivers to include or require signatures for.
- Request accessibility needs information for children prior to registration.
- Set up different enrollment periods for new families and returning and existing families.

Note: Business Owners and Administrators automatically have the permissions to create Online Registration forms.

Follow these 4 steps to prepare and set up an Online Registration form for your programs.

Expand/Collapse All

⊘ Step 1 - Create Policies

⊘ Step 2 - Create Document File Types

⊘ Step 3 - Add Program Descriptions

⊘ Step 4 - Set Up an Online Registration Form
