# **Create & Manage Policies**

Last Modified on 01/31/2025 1:39 pm EST

Policies can be made and added as a required step during **Online Registration** to help gather additional information from families to make a decision about enrollment. They are then kept on the child's file for future reference. Use policies to:

- 👯 Gather digital signatures to reduce paperwork.
- ightarrow 
  ightarrow Create agreements between families and your business before a child is enrolled.
- Assign different policies to different Programs, based on need.

- 5. Go to the **Actions** menu > **Print**.

# **Frequently Asked Questions**

#### **Q.** Why can't I edit a policy that's in use?

**A.** A policy is a legal agreement between families and your center. Editing a policy that is already attached to an Online Registration form can alter the agreement made. To edit a policy you are currently using, detach it from the Online Registration form, edit it, and then reattach it for future registrations or enrollments.
