# Registration Help

Need help registering? Whether you are a new family or your children have been attending classes at your center for a while, we've got you covered! Follow the steps below to learn how to register and enroll.

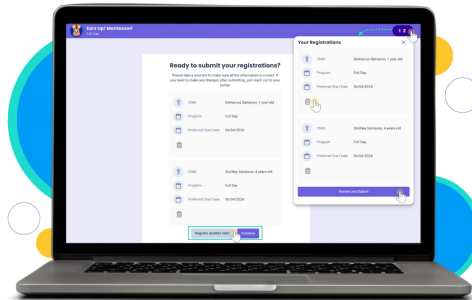

## New Families

1. Use the link shared by your childcare center to register for classes they offer.
2. Receive an email to download CircleTime™, our mobile app, once your registration is approved. You won't be able to log into the CircleTime app until then.
3. Download and sign in to CircleTime to complete any additional steps for enrollment.
4. Wait for the childcare center to approve the enrollment.

## Returning Families

1. Set up the CircleTime mobile app with assistance from your childcare center.
2. Sign in to CircleTime and complete any registration and enrollment steps.
3. Wait for the childcare center to approve the registration and enrollment.

In a rabbit hole? Our **CircleTime Troubleshooting** guide helps resolve any issues you may encounter while using the parent app.
